Your mother
was already
pregnant with
you by then.

When
word got
out, your
father's
engagement
to your
mother
was
cancelled.

All he did
was make
your family
bitter.

But he
wouldn't
let go. He
stubbornly
stayed
outside
wherever
we went.

We
expected
you
to mark
us on your
body.

In the
end...
the city
buries
us left
for the
night.

In order
to let
everyone
know you
were never
alone...

So when
by chance
I was left
behind
at flight
training
school.

I got
latter-
from
the
and I know
the
love.

And I left
Baboo and
you...without
a father.

I let
anger drive
me to take
another's
life.

...I'm
just like
him...

I deserve
to be killed
by you...

L...

How many
people did
he leave
unhappy?

How many
people did
my father
leave for
dead?

Men...
all of them...

They're all
horrible...

I don't care if
he's been
killed once
already!

I
HATE
HIM!

I'm going
to drag him
up from the
bottom of
the sea,
and then
this time
FL...

UWAH!

I wonder what would happen if you ditched the BOY and went down there...

There are lots of sharks in these waters...

Tell me these things sooner, doremi!

Got gonna return to?

It's as if she's possessed—
she's been searching without rest.

Hiro
especially.

In all that time she's worked hard and I've never heard her complain.

It's been 5 years since Hiro joined us...

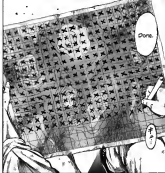

That was Hiro...

She closed off her heart and suppressed her true self.

This is the first time she's fought so strongly for anything...

Atsuko... Shou...

I'll help
her pay
him back!
I'll help
her get
revenge...

That
woman...
the scars
on her
body... and
on her
heart...

Shou

Hiro...
You're
so set on
doing this
job.

Does that
scar on your
neck... have
anything to
do with it?

Was
anything
to do with
this job?

You're
asking if
the scar
on my
neck...

What
of it?

What
if it
does?

It's very likely that the plane left here, anyone searching any further will just cost us money. The risks are too many!

Hi-roon look here, we've searched way beyond the area indicated on the map!

What of it?

If you want us to keep up the search, give me a good reason!

This is about all of us!

If money's
your problem,
there's out of
my salary

If you
don't want
to do that,
go ahead and
fire me!

You're
such a
pain in the
ass...

Stop
acting
like a
kid!

Damn,
bro!

I wasn't
expecting
much from
you in the
first place.

You're
pressing me
off. Get
lost!

And now
I'm the
one most
worried
about
money.

Money, money,
money... That's
what I thought
others were all
about. That's
why I called
them hypocrites
and scam-
winders...

Has...

No wonder
Hiro said
she wasn't
expecting
anything of
me...

When I do
something for
the good of
the company,
it just makes
my employees
unhappy.

What a
useless
brass I
am.

*The
more
on her
side...*

*They're
just
the
low
on my
rank...*

*Does
it
have
anything
to
do
with
the
low
on
your
rank?*

*Proof
that
we're
some-
one's
"prop-
erty..."*

*A
brand...*

SMARTT

So what?
Does that
make
you a
good?

So what
if you're
a
Salvage
Master
for the
World's
Famous
SMARTT?

*By all means...I'll
help her
get it.*

*Her will is
my will. Her
revenge
is my revenge...*

*That's
why I
under-
stand.*

*She
too was
branded
by her
father
and
wants
revenge.*

*Alan
can't be
trusted...*

*I don't need
anyone's help.
Certainly not
a man's...*

*Not
one of
them!*

REVENGE

Compared to that, I can
shoulder any
daddy, no
matter how
big.

There's
no point in
making money
if you don't
help anyone
with it, right?

The first
time I saved
someone, I
held a "life"
in my hands.

It was
hurry...
and
precious.

I couldn't
believe I was
holding some-
thing that
important in
my hands...

Who
cares
about
that right
now?!

Okay!

Okay!
Let's check
J-2 next!

Chapter 41 The Time Left

K-6
checked.

K-8
checked.

K-7
checked.

Done.

Hiro?
It?

Shit...
Come on,
come on,
please!

What
good
will
it
do
if
I
just
sit
here
and
wait
for
him
to
come
back?

*So
cruel...*

*I never
knew
the sea
was so
heart-
less...*

SH- CLAP-CLAP CLAP

In 2 days a powerful typhoon is expected to hit Kyushu and Shikoku, please take extra notice...

...has reached and a low pressure front is moving to the north...

You hear that?

When they heard about the typhoon, even the dogs were barking "Uu-uu!"

But a typhoon changes all that. It's impossible to work.

It's true the waves are calmer on an island, but like the birds they start out in the open...

Turning
back at this
point is your
job as the
boss, right?

You got
it, don't
you?

I'll
never
give up.

You're
exhausted,
aren't you?

You've
lost!

You guys
would
never
under-
stand!

That woman
and I...why should
we have to live
under our fathers'
shadows
forever!?

Don't
fuck
with
me!

For that
I'll fight and
fight and
fight till the
end!

I just
want
a little
peace of
mind!

I
haven't
lost
yet!

Not
yet
...

Chapter 42 Dragged Around by Emotions

Right
under
this
trap...

It's
right
here!

The
Zero box
waiting!

We're
going to
dive in and
blow away
the sand
and sediment
with an
underwater
jet nozzle.

In order to
check what
condition
it's in...

Don't go
all crazy just
because you
were lucky
enough to
find it

Are
you
crazy?

Keep
your
mouth
shut!

How are
we going
to work in
these con-
ditions?!

There's a
huge typhoon
headed up from
the south-
west. It'll hit
us in 2 days.

I'm not
ready to
die yet!

There's
no way
you'd
under-
stand

All you
have are
happy
memories
of your
father.

You
won't
understand
even if I
told you...

I'm not
buying
into
the plan!

Besides, I
never asked
you to go
along with
me in the
first place!

If I have
to go in
alone, go
be it!

*We
want to
be free
of this
curse!*

*We
don't
want to
run a
second
loop!*

*I won't
stop for
anything!*

*Certainly
not for a
typhoon!*

Diving
in alone is
just plain
dumb!

How can
you rescue
the Zero
if you're
dead?

Wait,
Hiro!

You
must
be
strong,
Son.
Don't
waver.

I told
her to
wait!

Take
care of
Hiro.

But
please

Wait
Hiro!

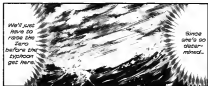

That is
too dan-
gerous!

She
won't listen to
a word
we say
right now

He's
obsessed
with this
thing

Seriously,
my whole
body's
shit, but...

We'll just
have to
raise the
Zoro
before the
Exploot
get here

Since
she's so
deter-
mined...

That's
our
only
choice

T-jean
I'm coming
up to get
it so
please get
it ready."

Oh, you
want a "short
guard"? It
was with
pleasure
to help shorten
my day.

Sharks are nervous creatures. Just hearing the air divers' caps is enough to keep them calm.

TH

What
the
hell
are
you
doing?

Stop!
Gramps,
stop!

CRASH!

You have
to put the
rod over
your shoulder
and brace
yourself hard
or you'll be
blown apart!

The
jet puts
out some
serious
pressure.

You
can't
even
tell
me
what's
going
on!

It's
been
underwater
for 40
years...

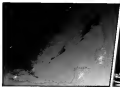

Being buried
in the sand
kept it from
deteriorat-
ing.

But it's
still
kept its
shape.

Chapter 43 Understood Wish

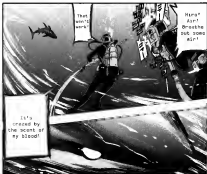

Chapter 43 Understood Wish

I thought
you said
they
wouldn't
attack!

You've
got to
be
kidding!

That
can't
work!

Hang
on!
Breathe
out some
air!

It's
craved
by
the
scent
of
my
blood!

You
was too
close!

I'm just glad
you got off
with such a
light wound.

...It's
nothing.
I'll be
fine...

You nearly
got eaten
by a shark!

Give me
a fucking
break!

And in two
days there'll
be a typhoon
on top of us!
What's fine
about any of
this, you
dumbass!?

Until the typhoon is aimed on top of us...

Go...

The sunken zero is almost intact, so we can quickly calculate its weight.

I've got the blueprint for a zero right here!

We can figure out which materials we'll need to make it look...

I know our lives are in danger! I know that!

What?

But...

It's a failure as a leader...

Go...

I'm begging you now!

You just don't get it, do you?

I see! The cheaper the better!

We should be able to get enough H beams to make a frame for the Zero from a disassembled truck at the wrecking yard and it'll be cheaper too!

H beams could work as an ironwork site in the first place, and they'll probably take advantage of us and overcharge us anyway!

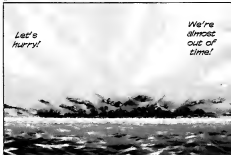

That's why you need to shut up!

I know we could count on you in a pinch, Sana!

Chapter 44 **The Team Starts to Move**

Chapter 44 The Team Starts to Move

I'll do
this
even if
it kills
me!

What
a little
monster!

We're out
of time
Unless two
people do
this the
typhoon will
catch up
with us!

Whee!
Are you sure
you're up to
this? The flea
going alone!

I told
I'm fine!

Hiroy!

I'm
this
close...

Just
a little
more...

Thank
you
blessed
one!

Ahh, how
did I end
up like
this?

If you
dilly-dally
like you
always do
I'll turn
the ship
around!

Time's
running
out!

Stop
treating
me like a
newbie,
dammit!

We'll
raise it,
don't you
worry!

NO
NO
NO
NO
NO

Wow,
I just
thought
it would
be safer
to stick
together
when there
are sharks
around....

What?
You're
going to
stick to
me?

??

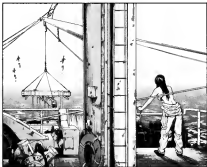

.....

There's
no such
word as
"Safety"
in this
business!

When
it's
your
time to
die,
you
die!

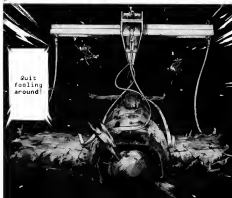

Chapter 46 The Approaching Threat

Chapter 46 The Approaching Threat

There is nothing
darker or
more treacherous
than the sea.

The dark
sky is the
most treacherous
place of all.

The dark
sky is the
most treacherous
place of all.

I hate
to admit
it, but
that's the
skill of a
salvage
master.

I'll find
out if there
is anything
more to
be found
than this.

We can
prove we're
strong.

What if
you've got
nothing to do,
go find yourself
to the sharks!

2.8M + 2.9 / 1007

10!

Let's
finish
this in 15
minutes!

It is
high
speed
That's
best...

Final!

O sea gods!
I'll never pee in
the sea again
so please let
everything
work out!

But even after
attaching it to
the frame it's
going to take
another 30
minutes at the
least to make it
and get it on
the deck.

Also
17?

I'm going
to get
the
others
ready!

All
set!

Okay!

Raise
it!
Now!

It's
your
turn!

Bomb
planes
get your
ass up
there!

Bombs
be
care-
full

It's
fly-
ing
out

You
did it!
Hire?
It's
off the
ground!

*For the
first time
in 60
years....*

Just I don't like the sound of that

The rough waves are putting extra stress on the wires

This rope
will stop
the hero
from rolling
and wandering
about on his
way up—

Don't
ever
let go
of it!

Hold on
tightly
to this
guide
rope.

Can
you do
that?

Right,
sure. Then
I'll go
grab the
rear rope.

Of course
I can!
It's an
all-terrain
climb
climb!

Good
night!

2000

1000

Hehe...

I don't
know why,
but the girl
really look
really
strained
to me

Chapter 46

The Approaching Threat

It's slipping
out of
the nylon
slings!

The tall
ultra's
quest! The
Jaro's
falling
backwards!

Crap!

Heh!
Well I
couldn't
let you
steal all
the cool
stuff—
could I?

Now you
salvage
meals
are just
too good!

Now I told
you how
the war
could
end!

Wait!

Always
thinking a
step ahead
is the mark
of a top
driver—
right?

It's
steady now!
Now I can't
believe you
brought a
helium
along just
in case!

I just
thought
that
might be danger-
ous,
that's
all!

It felt
like the
wire at the
back was
tighter
than the
others...

*If Rintaro
hadn't saved
me back
there...*

*Let's
start
read
right
now...*

*The
"Eye of
Fore-
sight."*

And I won't believe you're still whining at a time like this!

I know this too well, curse it!

It's not natural for a man to keep like that!

That!

So he really does have it?

You have
to be
extra
careful
now!

Wow!
We've
lost one
of the
wires!

But
the
game
has
it
even
worse!

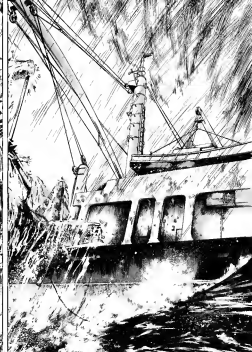

The
game
may
be
in
trouble...

We
could
really
use
a
little
help
right
now!

If
there
are
any
sea
gods
out
there...

It can
see
the
sun!

For
the
first
time
in 80
years

It's
up!

You
did it,
Hiro!

You
did
it!

Master Of Sea

YOICHI KOMORI+YUJI TAKEMURA

"I don't know more about my father, so please raise my father's corpse," she requests this request, but the real reason the officer's place raised is because she hates her father.

"She hates her father because of past incidents, the officer's intention and becomes obsessively passionate about her father's corpse."

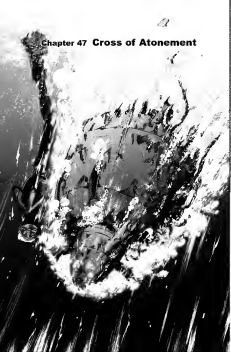

"A typhoon is closing in on them and having to deal with the typhoon, Master Salvage is faced with one crisis. What will he do to save the Zero successfully? And what awaits the..."

Chapter 47 Cross of Atonement

It looks
like he's
suffled
down's
is?

Very
firing.

A cross.

It's a pit
from that
that the
demon is
still inside

Had
firing?

She was
miserable from
the day she met
you till the day
she died!

She
suffered all
by herself
to raise
me...

She
died!

Just when
I thought I could
make her life
easier... just when
I thought I could
finally make her
happy....

I worked
like a
demon to
make his
company
rich.

I wanted
to make her
happy, so
I married a
wealthy man.

I couldn't
do any-
thing for
her in
return!

I
didn't
make
it in
time!

EVERYDAY LIFE AT NANBA!

AT THE MILITARY REVIEW

(A Slightly Non-Fictional Account)

This is so cool!

Those marines started screaming at the ship like it was their favorite food!

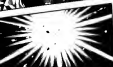

They're covering these ground teams, trying to get shots of the target!

One of them was trying to take a pic of K.A. and uh... through some-body's legs!

Chapter 48 **Inside the Plane**

He only
thought
of me
as his
property!

He
was
not
my
fat-
her!

*Deserve
to be
punished!*

*That's
the
Fight!
People who
only think
of their
comfort are
"enemies!"*

Let her
do what
she
wants!

You under-
stand why
she had
the Zero
raised
now, don't
you!?"

Happened to me, that's why...

That's what...

You'll regret it.

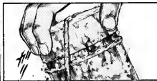

You don't know what Mother and I went through!

No... I won't regret it!

Two
with
stom-
ing

I don't want to hear anything that man has to say! I won't listen!

He wants to hurt me some more?!

He still has something left to say?!

Setsuna and Gack...

I don't know if you'll ever get to read this letter, but...

Is that okay?

Then... I'll read it.

*I loved
you both...
with all my
heart.*

*I'm a
foolish
creature
from*

*No one
knows*

*I
know...*

*The only
thing I
want
only
and for my
life back.*

*Don't
know...*

when
all my
heart...

I want
to believe
that there's
nobility
in this
world...

who
doesn't
love this
family.

I want to
believe it.

I don't
believe
him...

I can't...

My mother
suffered till
she died...

Now
he's
telling
me
this?!

I don't
believe
it!

It's not
just about
raising an
object...

When we
salvage...

We drag up all
the good things
and all the bad
things buried
with that object
as well.

.....

That I
would kill
him

So he
knew
...

It doesn't
give us
back our
lives.

No matter
how guilty
he was for
what he
did...

I see.

Now...

I think
it's time
to let go.

But...

You don't
have to feel
so guilty
any more
either.

I don't
know if I
was able
to forgive
him or
not.

I just
don't
know.

Really

I'm not
sure how
to feel
right now.

After all,
he's still
just a
stranger
to me.

After all
that trouble,
I still have no
idea what my
father even
looked like.

.....

That's
why...

*But I'm not
like her. I
don't hesitate.*

*She
couldn't
finish him
off.*

*I'll never
forgive him
no matter
what
I don't
believe it!*

*...who
about
that
hundred-
year old
tree?*

I don't give
a damn! I'm
sick of your
screwed!

If it weren't
this would
happen, instead
of donating the
Zero I'd have
sold it!
And raised the
engine and flipped
a switch! You're
up to it, huh?

Well, see,
her husband's
company made
heavy losses
when the Korean
rupee was
closed, so...

What?
You're
going
into
bankruptcy?

We're
just like
a cherry
now!

I know we
shouldn't
have taken
that job!

I'll
get the
money
somehow!

Trust
me!

Hey!
Hey! Say
something
soon!

But...

Don't
leave
me alone!

You're not
getting
paid when
you know!

*I do believe
in you guys.*

Fine.
I'll trust
you...

Wait!
You're all
a bunch of
slopes!

I'll make
something
really good
for dinner
so just chill

And
don't
forget my
boat!
